

rators are as follows: John J. Abramson, Harrison Albright, Herbert E. Bartlett, Elmer A. Clarke, George H. S. Dryden, August Greth, Henry Gross, E. F. Hahn, Carl Schultz, Ellen Schultz, Frank L. Willson.

It was organized not for profit, and has no capital stock.

We note the following names are signed to the diploma issued you April 18, 1935, by the California University of Liberal Physicians: Curtis Hollinger, D. C., M. C., N. D., president; George N. Bartlett, N. D., Ph. C., D. C., vice-president; Julia Crozier Hollinger, D. C., N. D., secretary; H. E. Jones, Ph. D., S. D.; Wolf Adler, D. C., Ph. C.; David M. McKibbin, A. M., N. D.

It is evident that the original incorporators have sold the charter of this institution to other interests.

Yours is the first diploma we have seen issued in the name of this institution, and would appreciate your advising us how many diplomas are outstanding.

We would also appreciate your advising us where the institution was located on the date appearing on your diploma, how long a course of study you pursued, and other facts that may aid us in determining whether graduates of this school should be admitted to the drugless practitioner examination.

We have received no request from the California University of Liberal Physicians for investigation by our College Investigating Committee to determine its eligibility for approval under the Medical Practice Act.

Under separate cover, we are returning your original diploma, a photograph having been kept for our files.

Very truly yours,

C. B. PINKHAM, M. D.,
Secretary-Treasurer.

Albert Carter,
Special Agent, Board of Medical Examiners,
906 State Building,
217 West First Street,
Los Angeles, California.

Dear Mr. Carter:—The California University of Liberal Physicians naturopathic diploma issued to Frank William Taylor, April 18, 1935, shows the signature of David M. McKibbin, A. M., N. D., and we are wondering if this is the same David McKibbin who was investigated by us in 1933, he then residing at 6452 Regent Street, Oakland, and who claimed to be a graduate of Trinity Medical College, Toronto, Canada, in 1900, although the authorities of that school could not find anyone by that name on their records.

Would appreciate a report.

Very truly yours,

C. B. PINKHAM, M. D.,
Secretary-Treasurer.

Concerning proposed federal public health survey.

CITY AND COUNTY OF SAN FRANCISCO
Department of Public Health

August 12, 1935.

To the Editor:—The enclosed copy of a letter addressed to Dr. J. D. Dunshee is being forwarded to you at the direction of the Director of Public Health. On authority from the Director of Public Health.

Sincerely,

JACQUES P. GRAY, M. D.,
Assistant Director of Public Health.

CITY AND COUNTY OF SAN FRANCISCO
Department of Public Health

August 12, 1935.

J. D. Dunshee, M. D.,
Director of Public Health,
State of California,
703 State Building,
Los Angeles, California.

Dear Doctor Dunshee:—I have your letter of August 9, 1935, with which you sent to me a copy of

the Surgeon-General's letter to you, dated July 31, 1935, and a memorandum outlining the Health Inventory Project No. 101, National Emergency Council No. 2042.

I wish to point out that in San Francisco a number of surveys have been made by the Federal Government in which the Department of Public Health has cooperated to its fullest extent. Some of these have not yet been completed. From our connection thus far, I am inclined toward the policy of not participating or sponsoring any new projects such as that outlined by the Surgeon-General. Furthermore, it would seem that the survey made by the State of California, recently completed but not yet published and relating to the legislation on health insurance, was so complete that additional surveys should not be necessary. Perhaps, however, the data desired in the study outlined by the Surgeon-General would not be comparable to those already obtained in the survey conducted by the committee appointed by His Excellency, Governor Frank F. Merriam.

Additional surveys, at least in San Francisco, I believe would not be desirable at this time. However, I am seeking further advice on this subject from the San Francisco County Medical Society, and your letter and the Surgeon-General's memorandum will be brought to the attention of that society this evening. I will be glad to inform you of the attitude of that group toward the proposed survey.

Sincerely,

J. C. GEIGER, M. D.,
Director.

Concerning letters of appreciation from Lane and Los Angeles County Medical Libraries for gifts from the California Medical Association.

Los Angeles, August 6, 1935.

Dear Doctor Warnshuis:

We acknowledge with most grateful thanks the most generous gift of the California Medical Association of \$1,169.25, received August 5, 1935.

This I am sure will be used to the greatest advantage to the library and the physicians of the State. Enclosed please find receipt for the amount.

Yours very sincerely,

Library, Los Angeles County Medical Association. MARY E. IRISH,
Librarian.

San Francisco, August 2, 1935.

My dear Doctor Warnshuis:

Just now your check for \$1,169.25 came, the generous contribution of the California Medical Association to the Lane Medical Library, and I would like to extend to you our most sincere thanks. We truly appreciate your kindness.

I have sent the check to Mr. Nathan van Patten, the director of libraries of Stanford University.

With again our best thanks,

Sincerely yours,

LOUISE OPHÜLS,
Medical Librarian.

Stanford University,
August 2, 1935.

Dear Doctor Warnshuis:

It gives me much pleasure to make grateful acknowledgment, on behalf of the University, of the recent additional gift of \$1,169.25 from the California Medical Association to the Lane Medical Library. I need not say how greatly we appreciate the Association's fine support of this library, which is of such importance to the medical profession on the Pacific Coast.

Faithfully yours,

RAY LYMAN WILBUR,
President.
